Request for Modified Contract

This form must accompany the Housing Application & Contract for the academic year for which student housing is being requested. Email this form to: reslife@wvc.edu.

The Housing Application & Contract is for the entire academic year, fall through spring. A modified contract is defined as a shorter contract period (less than the full academic year).

Applicants that receive approval for a modified contract are accepted on a space-available basis, as preference is given to applicants seeking the full contract period.

Describe in full detail the reason you are seeking a modified contract:
* *Supporting documentation is encouraged where applicable.*

** If additional space is needed, please include any and all added pages with this request.
